CALENDAR. 1932-1933

- September ¹⁹~~21~~ Tuesday—Dormitories and dining hall open at noon.
—10 a. m., English placement test for all freshmen.
—Entrance Examinations, 2 to 5 p. m.
—Faculty meeting, 7:00 p. m.
- September ²⁰~~21~~ Wednesday—Registration and classification of freshmen.
- September ²¹~~22~~ Thursday—Registration and classification of other students, 8 a. m. to 4 p. m.
—Opening exercises at 11 a. m.
- November 24, 25—Thanksgiving Holidays.
- December 14, 15—Fall Quarter Examinations.
- December 15, Thursday—Christmas Holidays begin, 4:30 p. m.
- December 27, Tuesday—Entrance Examinations.
- December 28, Wednesday—Winter Quarter begins, 8 a. m.
- March 9, 10—Winter Quarter Examinations.
- March 11—Entrance Examinations, 9 to 12 a. m.
- March 13, Monday—Spring Quarter begins.
- April 13, April 17—Spring Holidays.
- April 24, Monday—Second Term of Spring Quarter begins.
- May 25, 26—Senior Examinations.
- May 30, Tuesday—Graduation Exercises, 7:30 p. m.
- June 1, 2—Spring Quarter Examinations.
- June 2, 3—State Examinations.
- June 3—Entrance Examinations.
- June 5, Monday—Summer Quarter begins.
- July 12, Wednesday—Mid-Summer Quarter Examinations.
- July 13, Thursday—Second Term of Summer Quarter begins.
- August 11, Friday—Senior Examinations.
- August 15, Tuesday—Graduation Exercises, 7:30 p. m.
- August 18—Summer Quarter Examinations.
- August 18-19—State Examinations. Close of Session.
- September 20, Wednesday—New Session opens.

Mrs. David E. Guyton Blue Mountain

GENERAL INFORMATION

SCHOLARSHIPS

For many years scholarship donations have been made by friends of education to assist students who are not financially able to pay their way through this College. For a time these were gifts, but the tendency has grown to make them revolving loans, rather than gifts. The general policy is to loan a student \$125.00 for the session to assist in meeting his expenses.

Percy Bell Scholarship is a fund of \$500.00 donated by the Hon. Percy Bell and wife, of Greenville.

Elizabeth Akers Brown Scholarship is a fund of \$125.00, donated by Miss Kate B. Brown.

Joe Cook Scholarship is a fund of \$125.00, donated by the former President, Joe Cook.

H. A. Dean Scholarship is a fund of \$125.00, donated by Miss Kate B. Brown.

Delta and Pine Land Scholarship is a fund of \$625.00, donated by Delta and Pine Lands Company, of Memphis.

Miss Lant Farnham Scholarship is a fund of \$125.00, donated by L. C. Farnham, of Nashville.

Feild Co-Operative Association is an organization for student loans. It was founded by B. B. Jones, of Washington, who endowed it with a million dollar loan fund. Deserving juniors and seniors may borrow, at six per cent interest, a limited amount of money to be repaid after graduation. During the past seven years many needy individuals have been assisted through this organization.

Galaxy Club Scholarship is a fund of \$125.00, donated by the Galaxy Club, of Hattiesburg.

Nautilus Club Scholarship is a fund of \$125.00, donated by the Nautilus Club, of Hattiesburg.

V. M. Scanlan Loan Fund is a fund of \$75.00, donated by Mr. Victor M. Scanlan, of Hattiesburg.

Senior Class of 1927 Scholarship is a fund of \$125.00, donated by the class of 1927.

The Student Loan Fund has been accumulated from various sources, until it now amounts to \$2974.90. Deserving students are loaned as much as \$125.00 to assist in meeting expenses.

Worthwhile Club Scholarship is a fund of \$125.00, donated by the Worthwhile Club, of Hattiesburg.

Woman's Club of Picayune Scholarship is a fund of \$125.00, donated by the Woman's Club of Picayune.

Y. M. C. A. and Y. W. C. A. Loan Fund amounts to \$235.55. It was donated by these two local organizations.

MISCELLANEOUS MATTERS

ABSENCES

Daily Absences—Every teacher sends to the Dean of Men a weekly list of all absences in his classes, indicating which ones are excused. When a student shall have a total of three unexcused absences from any and all classes, it is noted on his permanent record card. One more unexcused absence will result in suspension from college. Only the President of the college has the right to reinstate a student, if he is suspended.

Absences Before or After a Holiday—Absences on the day preceding or following Thanksgiving, Christmas, or Spring holidays reduce the grade of the student ten per cent. Only the faculty can excuse such an absence.

Prolonged Absences—A student who is absent one week or more will be required to take special tests on the work missed. No credit in any course will be given if the student is absent for more than one third of the number of recitations.

CERTIFICATE TO TEACH

High School Re-Organization—The attention of prospective teachers is called to the new regulations concerning teaching in high schools beginning with the year 1934-35. Full details of these proposed reforms are found in Bulletin 60 procurable from the State Superintendent of Education, Jackson, Miss. In brief, the plan is to limit the number of subjects taught by each high school teacher and insistence upon special preparation in these subjects. These regulations apply not only to new teachers but also to those now in service. The latter must also meet the graduated teacher training standards specified by the State High School Accrediting Commission. These curricula and teacher-training requirements have been incorporated in the various curricula outlined in the following pages. Teachers in service should consult them in order to prepare themselves to be able to continue in the profession.

Renewal of License—Any first or second grade license, including State Teachers College certificates, may be renewed by taking the regular student load during either term of the summer quarter, provided the expiration date of the license was not more than one year prior to the closing date of the renewal work. The renewal work must include one course in department of Education and two other courses, and the grades must be 70 or above. No grade in any subject may be below 60, and the average of the four must be 75, or above. The renewal fee is \$1.50 in the form of a check or Post Office Money Order, payable to the State Board of Examiners. This fee must be sent to the Registrar and be accompanied by the license to be renewed. The license may be extended for two years by taking a twelve-weeks course and paying a fee of \$3.00.

State License—A license to teach in the public schools of any county of Mississippi may be obtained: 1. By completing a four-year degree course; 2. By completing a two-year certificate course; 3. By completing two years of college work, including eighteen hours of Education, for Sophomore License (Those who wish to avail themselves of this opportunity must send to the Registrar a Post Office Money Order for \$2.00, payable to the State Board of Examiners); 4. By taking the regular state examinations given at the close of the spring quarter, and the close of the summer quarter. Fee for resident students is 70c and for non-resident students \$2.70.

EXPENSES

Athletic Fee—Required of all students, per quarter\$2.50

Board—Including Table Board, \$18.00; Laundry, \$3.00; and Room Rent, \$5.25, payable upon entrance and must be renewed at the beginning of each half-quarter 26.25

Campus Fee—Required of all students, per quarter 50

Commercial Fees—Stenographic Course, per quarter 10.00

Stenographic-Accounting course, per quarter 17.00

Short-Hand, per quarter 5.00

Typewriting, per quarter 5.00

Accounting, per quarter 5.00

(Students who have completed two quarters of Commerce and who wish to specialize in this course will be exempt from further commercial tuition).

Graduation Fee—A graduation fee of five dollars for a degree, and one dollar for a certificate is payable three months before graduation.

Hospital Fee—Each quarter all students, except those living in the home of their parents in Hattiesburg, are required to pay\$2.00

Laboratory Fees for the various courses listed below are for cost of materials and supplies:

Health 129, 136, 167; Psy. 65, 116, 118, 119, each\$.50

Home Economics 26, 50, 104, 105, 125, 175; Psychology 142, 147, 188, each 1.00

Home Economics 135; Man. Arts 20, 22, each 1.50

Science 25, 26, 27, 36, 37, 38, 39, 50, 51, 51, 80, 81, 82, 90, 137, 140, 171, each 2.00

Science 91 2.00

Science 75, 76, 92, 125, 126, 130, 131, 132, 136, each 3.00

Home Economics 37, 85, 86, 90, 138 3.00

(Science 25, 99, 125, 130 and 136 each require a \$2.50 returnable breakage fee deposit).

Library Fee—Charged to all students for use of library books, etc., each quarter\$ 1.00

Lyceum Fee—Required of all students, per quarter 50

Matriculation Fee—An incidental fee is paid by each student to cover such items of expense as heat, light and water in class rooms and laboratories, per quarter 18.00

Music Fees—See Music Department.

Student Activities Fees—Required of all students for student paper, and other student activities, per quarter 2.50

Student Deposit Fee—A deposit made by each student on entrance, to cover possible damage to library books, buildings, furniture or other College property (the unused portion of this fee will be returned to the student on withdrawal from the College) \$3.00

Tuition—No tuition for academic courses is charged except to students from other states, who are required to pay twelve dollars per quarter in addition to the fees listed above.

SUMMARY OF EXPENSES (For nine months)

Dormitory Students

Athletics	\$ 7.50
Board, (Including laundry and room rent)	157.50
Campus Fee	1.50
Hospital Fee	6.00
Library Fee	3.00
Lyceum Fee	1.50
Matriculation Fee	54.00
Student Activities Fee	7.50
Student Deposit Fee (returnable) paid once for session	3.00

Total for Board and Fees\$241.50

First Quarter	Second Quarter	Third Quarter
\$82.50	\$79.50	\$79.50
Total	\$241.50	

Day Students

First Quarter	Second Quarter	Third Quarter
\$28.00	\$25.00	\$25.00
Total	\$78.00	

EXTENSION CLASSES

Special classes, conducted by resident faculty members, are organized in nearby towns when sufficient initiative is shown by the resident group concerned. Certain courses may be taken by correspondence. Full details are given in Extension bulletin.

LIBRARY

Books numbering more than twelve thousand volumes and many current periodicals are available for student use in the library located in Science Hall.

STUDENT LABOR

All janitor service, including buildings and dormitories, waiting on tables, and work on the campus and in the Post Office and Library, is done by student labor. Students are cautioned, however, against counting too much on this manner of defraying any great part of their college expenses. Applications for student labor should be made in advance to the Business Manager. The amount that may be earned in any one quarter ranges from \$21.00 to \$32.00.

SUMMARY OF ENROLLMENT AND GRADUATES

Enrollment For 1930-1931

Total Diplomas granted (3-year) (discontinued in 1929)	768
Total Certificates granted	2143

SPECIAL REGULATIONS**CONCERNING REGISTRATION, REPORTS AND
GRADUATION****ADMISSION**

By Certificate—Students are admitted to the college upon the presentation of fifteen units of high school work from an accredited

high school. These certificates must be sent, by mail in advance, direct from the principal of the school attended. A student may enter on probation for three weeks pending the arrival of his entrance units. In case the high school work has been done outside the state, the credit certificates must be accompanied by a statement signed by the state superintendent, or other accrediting state official, to the effect that the school was on the accredited list at the time the high school work was done. In all cases the units presented must include:

Algebra	1 unit
English	3 units
Geometry—(Not required for certificate courses, and not required for a degree course if student takes Math. 45 and 46, unless the student is majoring in Mathe- matics)	1 unit
Electives from the following to make a total of fifteen:	
Adv. Arith.	$\frac{1}{2}$ unit
Algebra	2 units
Agriculture	$\frac{1}{2}$ to 1 unit
Civics	$\frac{1}{2}$ to 1 unit
Commercial studies	3 units
Domestic Science	1 to 4 units
Economics	$\frac{1}{2}$ to 1 unit
English	3 to 4 units
Foreign Languages (Not less than two units in any one language will be considered) ..	2 to 4 units
Geography	$\frac{1}{2}$ to 1 unit
History	1 to 4 units
Manual Training	1 unit
Music	1 to 2 units
Solid Geom.	$\frac{1}{2}$ unit
Plane Trig.	$\frac{1}{2}$ unit
Plane Geom.	1 unit
Science	4 units

Note:—A total of not more than four units in the following subjects can be accepted:

Vocational Agriculture, Domestic Science, Commercial Studies, Manual Training, and Music.

By Examination—Teachers, above high school age, who have not had fifteen required units may take entrance examinations at the opening of each quarter. Applicants for these examinations must secure permission in advance from the Entrance Credits Committee. Evidence that applicant has made systematic preparation in the work for which credit is claimed should accompany the application. In no case may be used for entrance elsewhere.

By Transcript—Students from colleges, or universities, of recognized standing will be admitted to this college upon presentation of a certificate of honorable dismissal and an official statement of credits, both secondary and high school, provided the scholastic work in such college, or university, has been satisfactory. Credits will be allowed for such work in so far as they are in courses parallel to those offered in this college. Students applying for advanced standing should ask the Registrar of the college attended to send to the Registrar of State Teachers College a properly certified transcript of their record, which should contain: The name of the student, length of attendance and dates, subjects taken, with catalog number of each, number of recitations, grades made, and amount of credit in each subject, signature of the person reporting, with official title, conditions of admission to the college, i.e., the number of units submitted and accepted. Not more than eighteen hours per quarter can be allowed for each quarter of attendance. No credit from other institutions is accepted unless such work is counted towards a degree in the institution where the work was done. This college is not permitted to accept credits from county normals, or to give any credits for any grade of teacher's license, or past teaching experience.

Vaccination—The College Physician requires all new students either to be vaccinated on entrance or to submit proof of recent successful vaccination.

LOAD OF WORK

The normal student load is twelve to sixteen hours of regular academic work, with the privilege of taking two additional hours in practical music and physical education (but not over twelve hours of physical education, or over six hours of practical music may be counted towards a degree). Students who make straight A's in eight hours of academic work and straight B's in the remaining eight or more hours of academic work are permitted to take twenty hours of academic work during the next quarter of attendance. Students taking

only twelve hours must make straight A's in all twelve hours in order to be eligible to take eighteen hours of academic work during the next quarter of attendance.

Seniors who lack only thirty-six academic hours credit for graduation at this college may take twenty hours during either one of their last two quarters, provided they shall not have made a grade lower than C during the previous quarter.

REDUCED LOAD

A student may not take more than twelve hours of academic work, if he has received an "F" in a four-hour course during the preceding quarter of attendance. Two "E's", each in a four-quarter course, likewise, limit a student's load to twelve hours. If a student has received more than one "F", or a proportional number of "E's", he is barred from registering, unless by special faculty action he be allowed to register for one quarter on probation with a load of twelve hours. Two two-hour courses are equivalent to one four-hour course in all the foregoing reckonings. Students failing in more than four hours will be barred from athletic contests with other colleges.

REGISTRATION

Registration for the Fall Quarter of 1932 will take place on Wednesday and Thursday, September 21st and 22nd.

Details of Classification:

a. The first step in classification is the payment of fees, including Laboratory fees (See Expenses), in the office of the Business Manager in the Administration Building, where a Classification card will be given to each student.

b. The Classification card, together with credentials, will be presented to the Classification officer on the second floor of College Hall, where it will be stamped to indicate the students due class rank. (Freshmen credentials are their high school entrance certificates which must be sent in advance, by mail, direct from principal of high school attended; credentials for others are revised memorandums).

c. The lower half of the Classification card will be filled out, after consultation with class advisers; approved; copied in ink; and okayed by the Dean of Instruction.

d. The signatures of instructors of classes taken will next be secured on the Classification card.

e. The final step will be to secure the Registrar's "O.K." and leave with him the lower half of the Classification card. (Any student who fails to leave his card with the Registrar is required to pay the late registration fee of two dollars.)

First Meeting of Classes—All classes will meet for the first time on Friday, September 23rd, at which time class rolls will be checked and lessons assigned.

Freshman Classification:

Entrance examinations will be held on Tuesday afternoon, September 20th, for all freshmen who do not present fifteen acceptable entrance units, provided they have arranged in advance for this test.

Wednesday morning, September 21, will be devoted to lectures in the Auditorium dealing with the mechanics of classification and other matters of importance to freshmen, after which all freshmen will be required to take a standard intelligence test. Wednesday afternoon will be taken up by actual classification. On Wednesday evening freshmen will assemble in the Auditorium for instructions in college songs and yells and later attend an initiation party at Pine Haven Lodge.

On Thursday afternoon there will be a theater party, under the auspices of the Y. W. C. A. and Y. M. C. A., for all freshmen; and on Thursday evening a Faculty-Student reception.

Late Registration:

A fee of two dollars is charged for registering after registration day. No student may enter after the first day of the third calendar week of any quarter. No student who enters after the first day of the second calendar week may take more than twelve hours, but those entering at any time during the first calendar week may take the full load of sixteen hours, provided they make up the work missed in all classes. For the half-quarters (Spring and Summer) late entrance penalties are in the same ratio.

Program Changes—No change in student's program is allowed after the first week. Changes, after consultation with the Registrar, may be made during the first week, but a fee of one dollar is charged for each change after the second day.

Under no circumstances, may a course be dropped without permission of the Registrar. Courses dropped after the third week, for any reason except prolonged illness, are recorded as "Failure."

Non-Freshman Classification:

All students above the rank of freshman will classify on Thursday, September 22nd.

Physical Education:

Every student is required to take two hours of Physical Education weekly, most of which courses count one hour credit in addition to the regular sixteen-hour load. Students who are physically incapacitated to take the regular work are given special theory courses. See P. Ed. Department.

REQUIREMENTS FOR GRADUATION

Residence Attendance—A degree will not be granted without a residence attendance of three quarters.

Transfer students must take at least twelve hours of residence work at this institution in their majors.

A certificate shall not be awarded to any student who has been in actual residence in the Teachers College less than two quarters.

Attendance cannot be considered "residence attendance" unless the student makes at least eight quarter hours during the quarter.

Quality Points—Each A-grade carries three quality points for each quarter-hour of credit. Each B-grade carries two quality points for each quarter-hour credit. Each C-grade carries one quality point for each quarter-hour of credit. D-grades carry no quality points. A student must make as many quality points as the total number of quarter-hours required for graduation.

Credits and honor points earned in another institution shall be evaluated, as nearly as feasible, in accordance with these rules. It is provided, however, that high grades in institutions from which credits are transferred to this college may not offset low grades made in this institution.

Any student dropping below "C" average in scholarship in any year, of three quarters, shall be warned by the President, or Dean, and placed on a Probation List for the next quarter that he is in school. His parents shall be notified. If his scholarship is not brought up to a "C" average in that time, his case shall be brought before the faculty, and, on faculty action, he may be dropped from school.

Neither a certificate nor a degree shall be granted to a student who is delinquent in Practical Hygiene, or Physical Education.

After a student has met the scholarship requirements for a certificate or degree, the question of his graduation shall be submitted to a vote of the faculty. If a majority of the faculty shall vote in the affirmative, the President is, thereby, authorized to issue and sign said certificate or degree.

Quarter Hours—An applicant for a degree must complete 192 quarter hours, including the core-requirements as listed under the particular degree course pursued, and the major and minor requirements (two majors for a high school degree course) outlined in the following pages of the catalog.

REPORTS

Examinations—The last two days of any quarter are examination days, and no final examination is permitted at any other time. A student who is absent from the examination without valid reason, arranged for in advance through the Registrar, forfeits credits for the quarter.

Grading Scale:

A—indicates the very superior group, normally about five per cent of the class.

B—indicates the superior to average group, about twenty per cent of the class.

C—indicates the average group, about fifty per cent of the class.

D—indicates the inferior to average group, about fifteen per cent of the class.

E—indicates failure with condition, which becomes an "F" if not raised by the student to a "D" by the close of the following quarter of attendance.

F—indicates failure without condition, necessitating repetition of the course.

I—indicates an incomplete record. An "I" becomes an "F" if not completed during the following quarter of attendance, provided the course is offered.

W—indicates withdrawal for justifiable reasons.

In determining final grades, the daily recitations, kept by each instructor, are given double weight as compared with the examination grades.

Grades shall not be entered on the record, or changed after being entered, except by the registrar or assistant registrar. No grade shall be entered or altered except by written authority of the instructor.

Total absences are also reported and become a part of the student's permanent record.

Partial or Fractional Credits—No credits are given for less than twelve weeks of continuous work except only in such courses as are distinctly organized into six-week courses. When a student is obliged to withdraw from school, he may re-enter the school at some subsequent time and complete the unfinished work provided the actual course left unfinished is being offered, and provided further that he shall re-enter at the subsequent term one full week earlier than the period at which he withdrew. In other words, a student having, say four weeks of work left to complete, must enter the subsequent term at least five weeks before the close.

Broken courses can be finished in 3rd and 4th quarters.

DEFINITIONS

The college session includes four quarters, beginning in September and ending in August.

A quarter consists of 12 weeks (minimum 11 weeks).

The quarters are Fall Quarter, Winter Quarter, Spring Quarter and Summer Quarter.

The Fall Quarter, the Winter Quarter and Spring Quarter are not divided into terms. (But students may enter the middle of the Spring Quarter). The Summer Quarter consists of two terms, known as half-quarters.

A "unit" measures high school work and represents the credit received for the successful pursuit of a high school subject for a session of 36 weeks, five times per week, with recitation periods of 40 to 45 minutes (laboratory subjects, double-length periods).

A "credit" (called also quarter-hour, or "hour") measures college work and represents the credit received for the successful pursuit of a college subject for one quarter (12 weeks), one sixty-minute class period per week (laboratory subjects, double length periods). For example, a subject meeting four times a week for

one quarter gives four credits. A credit is presumed to require from one and one-half to two hours of preparation for each recitation. (For laboratory double-period, one-half to one hour of preparation).

Courses extending through one quarter, four days each week, have a value of 4 credits, or quarter hours.

Courses extending through one half-quarter (of Spring Quarter or Summer quarter), four days each week, have a value of 2 credits or quarter-hours.

Courses extending through one quarter, two days each week have a value of 2 credits, or quarter-hours.

Course Numbers:

Nos. 1-49 First Year Courses—Freshman.

Nos. 50-99 Second Year Courses—Sophomore.

Nos. 100-149 Third Year Courses—Junior.

Nos. 150-199 Fourth Year Courses—Senior.

Equivalents: The "Credit" used in this college prior to September, 1924 was based on thirty recitations. Hence, one former credit is equal to $2\frac{1}{2}$ of the new quarter-hour credits. Credits made in this college prior to September 1921, are equivalent to only two of the new quarter-hour credits because they were based on recitations of less than sixty minutes.

A "Memorandum of Credits" is a statement showing courses completed and credits earned by the student. It is for the use **of the student and cannot be used to transfer credits to another college.** Each student is entitled to one copy for his Memorandum of Credits and to have it posted and checked in the records office at least once each session. A fee of fifty cents is charged for a second copy of this document. Students should apply to Registrar's office for a Memorandum of Credits. **Each returning former student must present his memorandum of credits, posted to date, on applying for registration.**

A "Transcript of Record" is a detailed statement of courses taken and credits earned. It is for the sole purpose of transferring credits to another institution and cannot be given to the student but must be sent direct to the institution (or Department of Education) to which the credits are to be transferred. Each student is entitled to have one copy of Transcript of Record made, but must pay a fee for each additional copy required. Students

should apply to Registrar to have a Transcript of Record made. A "List of Credits" is similar to a transcript but with fewer details and sent on request to superintendent.

Numbers followed by an "S" (as English 25s) indicate a double course which terminates in a half quarter. These are four quarter hour courses and meet twice a day.

Numbers followed by an "X", (as Ed. 20x) indicate a double-course which terminated in a half quarter. These are two quarter hour courses and meet once a day.

Numbers followed by a "Z" (as Library Science 135z) indicate a double-course which terminates in a half quarter. These are one quarter hour courses and meet twice a week.

CERTIFICATE COURSES

These are two-year college courses based on 15 units of high school work.

The certificate obtained by completing either of these courses is by law a first grade license to teach in the elementary grades of the public schools of Mississippi, for a period of five years, at the expiration of which time the license may be renewed for periods of one year each by six weeks attendance in this college. (H. B. 396, Sec. 1, Chapter 201, Acts of 1922).

One who holds a certificate dated prior to September, 1928, may secure a new five-year certificate by completing sufficient additional work in residence to meet present certificate requirements.

There are two certificate courses, the lower elementary and the upper elementary.

DEGREE COURSES

These are four-year college courses based on 15 units of high school work. They are intended for teachers who expect to make teaching their profession and wish broad scholarship, as well as special preparation, that will fit them for professional elementary supervision, high school teaching, or for administrative positions such as principalships and superintendencies.

The completion of these courses leads to the degree of Bachelor of Science which is by law a professional license to teach in any position in the public schools of Mississippi for life. H. B. 396, Sec. 1, Chapter 201, Acts of 1922.

Sixty per cent of the work of juniors and seniors of these courses must be in courses numbered above 100. Not less than 60 quarter hours of the entire courses must be in numbers above 100.

For any degree course, a total of not more than 40 hours may be taken in any one subject (except in education and in the student's major, in which 48 hours may be taken in addition to the methods course in his major field. In Home Economics major, 52 hours).

Degrees are awarded at the end of the third and fourth quarters only.

LOWER ELEMENTARY DEGREE COURSE

Freshman Year

(This course is intended for teachers of kindergarten and grades one to three).

(*Starred courses required in Lower Elementary Certificate Course.)

*English (25, 26, 27)	12	hours
*Social Studies (Any combination of Geography, History, Social Science, bearing numbers from 1 to 49)	8	
*Nature Study (Science 36)	4	
Biology (Science 37 and 39)	8	
*Drawing (Fine Art 25)	4	
*Health (27, or student may wait until his sophomore year and take Health 79)	4 or 0	
*Handwork (Industrial Arts 20)	2	
*Introduction to Teaching (Ed. 20)	2	
	44 or 40	
Electives (from list below, to complete a total of forty- eight hours)	4 or 8	
	48	48

Not over four elective hours from each of the following:

Art, Education, English, Geography, Health, History, Mathematics, Music, Science, Social Science; not over two hours from Industrial Arts; twelve hours in French, Latin or Spanish.

In addition to the foregoing forty-eight hours of prepared work, the following non-prepared courses are required; but the student-load must not exceed eighteen hours per quarter when as many as two quarter hours are added to the sixteen hours of prepared work. Not more than twelve hours in Physical Education and not more than six hours in applied music may be counted towards a degree.

NOTE:—One course in Physical Education is required of every student each quarter of attendance, regardless of whether credit may or may not be given. But see new ruling on page 51.

*Library Science (29)	1
Physical Education (43, 47, 49)	3

Sophomore Year

*English (87)	4
*Health (79 in case student has not elected Health 27 during his Freshman year)	4 or 0
Social Studies (Any course from Geography, History, Social Science from sophomore numbers)	4
*Elementary Psychology (Psy. 65)	4
*Teaching of Reading and Language (Ed. 67)	4
*Teaching of Numbers in the Primary Grades (Ed. 71)	2
Drawing (Fine Arts 89)	4
*School Music (Ms. 95, 96)	8
	34 or 30

Electives (from the list given under the freshman year, to complete a total of forty-eight hours) 14 or 18

	48	48
Physical Education (one course each quarter)	3	

Junior Year

English (111)	4 hours
*Child Psychology (Psy. 116)	4
*Teaching of Social Studies (Ed. 103)	4
*Observation and Participation (Ed. 114)	4
Tests and Measurements (Ed. 145)	4

Students are required to take one major of thirty-six hours, and two minors of sixteen hours each from the lists below. These majors and minors must be selected by the end of the sophomore year, and the junior and senior years largely devoted to them. Elective courses previously taken may count towards either a major or a minor. For specific information, consult the departmental requirements for each major and minor under alphabetically arranged **Departments of Instruction.**

Students should study the schedule for the entire year, found in the back of the catalog, and prepare their own yearly schedule so that they may be able to get the courses they need to meet as much as possible of their major and minor requirements during their junior year.

Select one major from: Fine Art and Music (95, 96), English, History, Geography, Health and Physical Education 12 to 24

Select two minors from: Art, Biology, Geography, Health and Physical Education, History, Industrial Arts, Music, Social Science, Chemistry and Physics, Spanish or French 12 to 16
Free electives to complete a total of forty-eight hours.

Physical Education (one course each quarter) 3

Senior Year

Practice Teaching (Ed. 182) 4

Sufficient hours from the major selected from the list above to complete a total of thirty-six hours.

Sufficient hours from the minors selected from the list above to complete sixteen hours each.

Free electives to complete a total of forty-eight hours.

Physical Education, (One course each quarter unless required courses have been completed.) 3 or 0

UPPER ELEMENTARY DEGREE COURSE

(This course is intended for teachers of grades four to eight, inclusive.)
(*Starred courses required in Upper Elementary Certificate Course).

Freshman Year

*English (25, 26, 27)	12 hours
*Social Science and History (So. Science 25 and History 26, 27; or Soc. Science 25 with two courses of Sophomore History; or History 61, 62, 63 in Sophomore year)	*12 or 4 or 0
*Geography (33)	4
*Nature Study (Science 36)	4
Biology (Science 37, 39)	8
*Drawing (Fine Arts 25)	4
*Handwork (Industrial Arts 22)	2
*Introduction to Teaching (Ed. 20)	2
	48 or 40 or 32

Electives (from list below, to complete a total of

forty-eight hours) 0 or 8 or 16

Electives from the following:

Art, Education, English, Geography, Health, History, Mathematics, Music, Science, Social Science, Industrial Arts, not over twelve hours of Latin, French or Spanish. (These minimum requirements do not apply to subjects that the students later elects for major and minors).

In addition to the foregoing forty-eight hours of prepared work, the following courses are required; but the total student-load must not exceed eighteen hours per quarter when as many as two quarter hours are added to the regular sixteen hours of prepared work:

*Library Science (29)	1
Physical Education (37, 51, 87; With special permission of the head of the department, 33 may be substituted for one of the foregoing numbers)	3

Sophomore Year

English (87)	4		
*Health (79 or 27)	4		
History (61, 62, 63; or if Social Science 25 was taken in freshman year, only two courses of sophomore history)	12 or	8 or	0
*Geography (70)	4		
*School Music (95, 96)	8		
*Drawing (Fine Arts 89)	4		
*Elementary Psychology (Psy. 65)	4		
*Teaching of Mathematics (Ed. 85)	4		
*Teaching of English and Reading (Ed. 90)	4		
	48 or 44 or 36		

Electives (from list under the freshman year to com- plete a total of forty-eight hours)	0 or	4 or	12
	48 48 48		

Physical Education (one course each quarter) 3

NOTE:—One course in Physical Education for every quarter of attendance is required of each student regardless of whether credit may or may not be given in it. (This restriction does not apply to majors in Health and Physical Education). See new ruling on page 13.

Junior Year

English (111)	4 hours
*Educational Psychology (Psy. 118)	4
Tests and Measurements (Ed. 145)	4
*Teaching of the Social Studies (Ed. 105)	4
Observation and Participation (Ed. 115)	4

20

Students are required to take one major of thirty-six hours and two minors of sixteen hours each from the lists below. These majors and minors must be selected by the end of the sophomore year, and

the junior and senior years devoted largely to them. Elective courses previously taken count toward either a major or a minor. For specific information, consult the departmental requirements for each major and minor under alphabetically arranged **Departments of Instruction**. In general the student should try to complete most of his major requirements during his junior year.

Students should study the schedule for the entire year, found in the back of the catalog, and prepare their own yearly schedule so that they may be able to get the courses they need to meet as much as possible of their major and minor requirements during their junior year.

Select **one major from:** Fine Arts and Music (95, 96); English;
History, Geography 12 to 18

Select **two minors from:** Fine Art, Biology, Chemistry (12) and
Biology (4), Geography, Health and Physical Educa-
tion (8 in each), History, Industrial Arts, Math, Social
Science, French or Spanish 8 to 16
Physical Education (one course each quarter) 3

Senior Year

Practice Teaching (Ed. 183) 4

Sufficient hours from the major selected to complete
a total of thirty-six hours.

Sufficient hours from each of the two minors select-
ed to complete a total of sixteen hours in each.

Free electives to complete a total of forty-eight
hours. Physical Education (one course each quarter unless re-
quired courses have been completed). 3 or 0

HIGH SCHOOL DEGREE COURSE

Freshman Year

English (25, 26, 27) 12 hours
Science (one year of Chemistry, Biology or Physics) 12
Social Studies 8 or 12

1.—(Geography—four hours, and Social Science 25,
33; or History 26, 27, 28). or

2.—(Student may take twelve hours from the Social Studies group—either four in Geography and eight in Social Sciences or twelve in History—in another year).

Foreign Language (one year of one language unless two entrance units in a foreign language are presented	12 or 0
Introduction to Teaching (Ed. 20)	2
	46 or 38

Electives (from list below) to complete a total of forty-eight hours)	2 or 10
	48 48

Electives from the following:

Fine Art and Music (95, 96), Education, English, Geography, Health, History, Industrial Arts, Mathematics, Music, Science, Social Science; not over twelve hours in Latin, French or Spanish. (These minimum requirements do not apply to those subjects that the student selects as majors).

In addition to the foregoing forty-eight hours of prepared courses, the following non-prepared courses are required; but the total student-load must not exceed eighteen hours per quarter when as many as two quarter hours are added to the regular sixteen hours of prepared work. Not more than twelve hours credit in Physical Education (all men must take P. Ed. 33, 36, 48 for degree), or six hours in Practical Music may be counted ultimately towards a degree.

Library Science (29)	1
Physical Education (one course each quarter)	3

Sophomore Year

English (75, 76)	8
Health (79 or 27)	4
Elementary Psychology (65)	4
	16
Electives (from the list under the freshman year, to complete a total of forty-eight hours)	32
	48

Physical Education (one course each quarter, including P. Ed. 89 for women)	3
--	---

NOTE:—One course in Physical Education every quarter is required of each student regardless of whether credit may or may not be given. (This restriction does not apply to majors in Health and Physical Education). See new ruling on page 51.

Junior Year

Educational Psychology for High Schools (Psy. 119)	4 hours
Tests and Measurements (Ed. 138)	4
Principles of High School Teaching (Ed. 113)	4
Methods of Teaching in student's two major subjects (only one Methods course required in Groups III and XI)	8 or 4
	20 or 16

Two majors:

Free electives from list under freshman year to complete a total of forty-eight hours.

Physical Education (one course each quarter, including 141, 145 for women)	3
---	---

Students are required to take **two majors** of thirty-six hours each, selected from the **Major Groups for High School Degree**. These majors must be selected and recorded in Registrar's office by the end of the sophomore year, and the junior and senior years devoted largely to them. Elective courses previously taken count towards a major. For specific information, consult the departmental requirements for each major under alphabetically arranged **Departments of Instruction**. In general, the student should try to complete most of his major requirement during his junior year.

Students should study the schedule for the entire year, found in the back of the catalog, and prepare their own yearly schedule so that they may be able to get the courses they need to meet as much as possible of their major requirements during their junior year.

Senior Year

Seniors must file their schedule for the entire year in the Registrar's office. The College will not be responsible for any schedule that has not been checked by the Committee on Graduation.

Observation and Practice Teaching, (Ed. 185, 186) 8

Sufficient hours from subjects chosen as majors to complete the requirements of each.

Free Electives, from list under freshman year, to complete a total of forty-eight hours.

Physical Education (See rule on page 51)..... 3

MAJOR GROUPS FOR THE HIGH SCHOOL DEGREE

A student may select (with the advice and approval of the Dean and the Head of the departments) any one of these groups and present the required number of hours as majors for a degree. The selection of majors must be recorded in the Registrar's Office during the student's sophomore year, and the student will be barred from entering as a junior until this is done.

Not less than 4 hours in each major field shall be in a "teaching of" course, but this is not to be counted in the number of hours required for a given major.

Group I. English and Foreign Language, (72 to 80 hours), English composition, written and spoken, 12 hours; English literature, 16 hours; American Literature, 12 hours; electives in English, 4 hours. A Foreign Language (based on 2 entrance units) 28 hours. If two units are not presented there must be 36 hours in a foreign language.

Group II. English and Social Studies, (88 hours). English, same as for Group I, 44 hours; History, 28 hours; Social Science, 8 hours; Geography, 8 hours.

Group III. The Social Studies, (80 hours). History, 36 hours; Political Science, 8 hours; Sociology, 8 hours; Economics, 8 hours; Geography, 8 hours; electives in Social Studies, 12 hours.

Group IV. Mathematics and Science, (72 hours). College Algebra, 8 hours; Trigonometry, 4 hours; College Geometry, 4 hours; Analytic Geometry, 8 hours; Calculus, 12 hours; Physics, 12 hours; Chemistry, 12 hours; Biology 12 hours.

Group V.—Mathematics and Science, (72 hours). Mathematics (same as in Group IV), 36 hours; Physics, 12 hours; Chemistry, 24 hours.

Group VI. The Biological Sciences and Mathematics, (72 hours).

Biology, 24 hours; Physiology, 4 hours; electives in Biological Sciences, 12 hours; Math., same as in Group IV.

Group VII.—Science, (92), Physics, 12 hours; Chemistry, 36 hours; Biology, 36 hours; College Algebra, 8 hours.**Group VIII. Home Economics and Science, (88 hours).** Costume design, 4 hours; Home Furnishing, 4 hours; Foods, 12 hours; Clothing, 12 hours; Home Management, 8 hours; Home Nursing, 4 hours; Inorganic Chemistry, 8 hours; Organic Chemistry, 4 hours; Household Chemistry, 4 hours; Household Physics, 4 hours; Biology, 8 hours; Physiology, 4 hours; Agricultural Science, 4 hours; Fine Arts, 4 hours.**Group IX.** A student may select two majors of 36 to 48 hours each (with the advice and written approval of the Dean and the heads of the two departments) from the following list: English, a foreign Language, History, Social Science, Geography, Mathematics, Chemistry, Biology.**Group X. Health and Physical Education (72 hours).** Physiology, 4 hours; Anatomy, 8 hours; Histology, 4 hours; Hygiene, 8 hours; Physical Education, 18 hours.

A second major of 36 hours shall be selected from those named in Group IX.

Group XI. Music Education and Applied Music. (79 hours). Applied Music, 24 hours; Theory, 24 hours; Sight Singing and Ear Training, 6 hours; Music Education, 19 hours; History of Music and Appreciation, 6 hours.

NOTE: No head of a department is authorized to deviate from the foregoing requirements, and any verbal promise at variance with these requirements is invalid.

DEPARTMENTS OF INSTRUCTION

Note: First year courses are numbered 1 to 49.

Second year courses are numbered 50 to 99.

Third year courses are numbered 100 to 149.

Fourth year courses are numbered 150 to 199.

Figures in parenthesis following name of course indicate credit in quarter hours.

Courses designated by a star are also offered by correspondence.

DEPARTMENT OF COMMERCE

Mr. Selby

The Department of Commerce has been subsidized by the Vocational Department of the State Department of Education. Courses destined for teach-training will be worked out before the beginning of the Fall Quarter.

DEPARTMENT OF EDUCATION

Dr. Weathersby, Miss Jones, Mrs. Conner, Miss Wilson

SUPERVISING TEACHERS:

Mr. Jenkins, Mrs. McLemore, Mr. Middlebrooks, Mr. Strickland, Mr. Owings, Miss Fountain, Miss Stevens, Miss Sherrill, Miss Shauber, Mrs. Foote.

The specific requirements in Education courses for each certificate and degree curriculum should be noted in the outlines for these curricula.

Students who are to do observation and practice teaching (Education 114, 115, 182, 183, 185, 186) must notify the supervisor of the course desired two quarters in advance. This is necessary in order to arrange practice-teaching schedules.

Students needing courses numbered above should consult the head of the department.

20—Introduction to Education (2); *46—Parent Teacher Association Work (2); *67—Reading and English in the Primary Grades (4); *71—Primary Number Work (2); *85—Arithmetic for Teachers (4); *90—The Teaching of Reading and English in the Upper Elementary Grades (4); 103—Social Studies in the Primary Grades (4);

105—Social Studies in the Upper Elementary Grades (4); *113—Principles of Teaching in High Schools (4); 114—Junior Participation for Primary Grades (4); 115—Junior Participation for Upper Elementary Grades (4); 126—Organization and Administration of the Small School System (4); 127—County School Problems (2); *128—The History of Public Education in the United States (4); 138—Tests and Measurements (4); 145—Tests and Measurements for Elementary Grades (4); 155—Organization and Administration of Rural and Consolidated Schools (4); 156—Principles and Practice in Rural Schools (4); 172—Curriculum for Elementary Grades (4); 175—Supervision of Elementary Grades; 178—Supervision of High School Teaching (4); 182—Observation, Participation and Directed Teaching for Lower Elementary Grades (4); 183—Observation, Participation and Directed Teaching for Upper Elementary Grades (4); 185—Observation in High Schools (4); 186—Participation and Directed Teaching in High Schools (4).

DEPARTMENT OF ENGLISH

Miss Hickman, Dr. Shands, Mrs. Yates, Miss Bass

NOTE: All freshmen must report to Room 210 of College Hall at 10 a. m. on Tuesday, September 20th, for placement tests in English. Those scoring lower than the tenth-grade level will be required to take remedial work in English (Course R) for which no credit will be given. This course must be satisfactorily completed before the student begins English 25. Any student found deficient in English will be required to take remedial work, even though he has credit for freshman composition.

Those majoring in English for the High School Degree must take in addition to the required work in freshman and sophomore English:

80, 111, 124, 141, one course in advanced composition, and sufficient electives in English to make a total of 48 quarter hours. The student majoring in English for the High School Degree must maintain an average of "B" in the required content courses in English.

Those majoring in English for the Elementary Degrees must take in addition to the required English for these courses:

75, 76 and enough electives to make a total of 36 hours in English.

25, 26, 27—Freshman Composition (4 qr. hrs. each quarter); 75, *76—English Literature (4 qr. hrs. each quarter); *80—Introduction to American Literature (4); 87—Materials of Children's Literature (4); 88—Children's Poets and Poetry (4); 110—Great American Writers (4); *111—English Grammar (4); *124—Shakespeare (4); 125—The Romantic Poets (4); 125—The Victorian Poets (4); 127—The English Novel (4); 137—Journalism (4); 138—Advanced Narrative Composition (4); 139—Advanced Expository and Argumentative Composition (4); *141—The Teaching of Junior and Senior High School English (4); 144—Readings in World Literature (4); 180—Contemporary Poetry (4); 181—Contemporary Prose (4); 182—The Contemporary Novel (4); 183—The Contemporary Drama (4); 192—Vocabulary Building (4).

DEPARTMENT OF EXTENSION

Mr. Darby, Mr. Barefoot, Dr. Kincannon

The purpose and offerings of this department are in keeping with the modern tendency of making the higher educational institutions of the greatest service to ALL the people of the state which maintains them. Its mission, as some have expressed it, is to take the college off the campus TO those who need its help but who, for the time, cannot be in residence at the college. It offers the advantage of "learning while earning." It makes possible the application in the schoolroom, as a teacher, of the things which are learned in extension class, as a student, thus uniting THEORY and PRACTICE in an effective manner. Also of interest to many teachers is the fact that by taking extension work, certificates may be renewed without attending summer schools, thus giving an entire summer to other desirable forms of activity and recreation. Extension study may, of course, also be combined with summer attendance for a more speedy completion of work required for certificates and degrees.

The offerings of the Department of Extension are of two general types as follows:

a. Extension work by class instruction in which the teacher meets the class at some study center provided by the class.

b. Extension work by correspondence in which the student works out written assignments to be mailed to and graded by the instructor.

For those who wish to do extension study there is a bulletin which will be sent upon request. For further information address the Director of Extension, Mr. J. J. Darby.

EXTENSION CLASS STUDY

1. What courses may be taken under this plan? Practically any of the courses listed in the regular catalogue may be taken by class extension with the exception of those requiring special equipment and laboratory facilities not available in the class center. Class groups are invited to make inquiry concerning any course which they desire to pursue.

2. Who may take these courses? Any person of maturity and capacity to profit by it may take such work as non-credit study. However, those who expect credit for a course must satisfy the requirements for regular admission to the College.

Students will not be permitted to do extension work during residence attendance in the College except by special faculty permission.

3. How many students are required for the organization of a class? There is no set and fast rule on this matter. Where the instructor must travel some distance at considerable expense there should be at least twenty applicants for the course. Where two courses are given in the same center by the same instructor the necessary membership may be somewhat less.

4. When will classes meet? It is customary for such classes to meet once a week on either Friday evening or Saturday morning with a two-hour session for each class. Where the center is far removed from the college, however, the class may hold for three hours.

5.—What will be the cost of these courses to teachers? The cost of this work will be \$3.00 per quarter hour. That is, for a four-quarter hour course the charge will be \$12.00 per student. Fees must be paid in advance and cannot be refunded. Special materials such as tests for class use will be paid for by the students but will be supplied at actual cost and seldom will amount to more than a few cents per individual for the course.

6. At what time of the year may courses be taken? There is no reason why classes may not be organized at any time of the year but it is urged that they begin soon after the opening of school in the fall in order that two classes, if desired may be completed during the

school year. This gives sufficient credit from extension work for the renewal of certificates without summer school attendance.

7. How much work may one take by extension? No student is permitted to submit more than twenty-five per cent of his total requirements for graduation in the form of extension credits. That is, not more than 48 quarter hours of credit from the Extension Department may be applied toward a degree. Of this amount not over 24 hours may be earned in correspondence study.

CORRESPONDENCE STUDY

1. What is the nature of this work? The student taking these courses is required to submit a certain number of written assignments on each course pursued. These assignments are given on the instruction sheets which are sent to the student upon receipt of the required fee. They must be written up in regular order and sent in one at a time to be graded by the instructor. All texts are ordered by the student from the publishers whose names and addresses are listed on the sheet.

Questions for examination are prepared by the instructors whose courses are taken. The final examinations are to be held either at the College or elsewhere by competent persons selected for the purpose. The examinations shall be taken within two weeks after completion of the last assignment unless the student elect to defer it until he enters the college for resident work, in which case it shall be taken within two weeks after the student enters.

2. What courses may be taken by correspondence? There are no courses offered except in college subjects. Write the Department of Extension for bulletin on correspondence study which lists courses and other necessary data.

3. Who may take correspondence courses? The applicant must be at least eighteen years of age, and must present fifteen units of high school work from an accredited high school. Applicants without former record in this college should write the Department of Extension for an application blank for high school or college units and leave the selection of courses to the Committee on Extension. Former students should secure a revised memorandum of credits before selecting courses.

4. What are the fees for this work?

- a. Two dollars and fifty cents (\$2.50) per credit hour, or

\$10.00 for a regular four-quarter-hour course.

- b. All fees must be paid in advance and cannot be refunded.

5. How are correspondence courses credited?

a. College work (based upon fifteen admission units) gives quarter-hour credits. (One quarter-hour credit is equal to 2-3 semester-hour, 1-3 session-hour credits.)

b. Any student who has completed a course in correspondence study to the satisfaction of the instructor in charge shall have credit in extension.

c. A permanent record of all credits earned in extension shall be kept in the department of extension, and may be transferred on request from said department to any institution.

d. The number of college extension credits made by a student shall not exceed twenty-five per cent of the total number necessary for the course (Certificate or B. S. Degree) which the applicant is pursuing.

DEPARTMENT OF FOREIGN LANGUAGES

Dr. Sparkman, Mrs. Wilder.

Twelve hours of a foreign language may be offered as electives in any Certificate or Degree Course.

Twelve hours of a foreign language are required for a High School Degree course unless student has presented two units of a foreign language on entrance.

Forty hours (four of which must be course in Methods of Teaching a Foreign Language) are required for a major if the language is begun in college. Twenty-eight hours are required if the student continues a language of which he has presented two units on entrance.

Students may major in each of two foreign languages, or in one foreign language with English or History as a second major.

Students who major in French are required to take History 104 (Revolutionary Europe).

For the time being it will be possible for a student to take a combined major in two foreign languages, provided he takes a minimum of twenty-four hours in one language. This minimum in one language will be increased each year in order to meet the gradually increasing requirements for teaching set up by the State Accrediting Commission, as follows:

Quarter hours required in:	1932-33	1933-34	1934-35
(When based on two entrance units)	21	22½	24
(When based on no entrance units)	24	27	30

FRENCH

25, 26, 27—First Year French (4 quarter hours each quarter);
 *75, 76, 77—Second Year French (4 qr. hrs. each quarter); 145, 146,
 147—Third Year French (4 qr. hrs. each quarter); 165, 166, 167—
 Four Year French (4 qr. hrs. each quarter).

SPANISH

31, *32, *33—First Year Spanish (4 qr. hrs. each quarter); *81,
 *82, *83—Second Year Spanish (4 qr. hrs. each quarter); 148, 149, 150
 —Third Year Spanish (4 qr. hrs. each quarter); 172, 173, 174—Fourth
 Year Spanish (4 qr. hrs. each quarter); 121—The Teaching of Foreign
 Languages (4).

DEPARTMENT OF GEOGRAPHY

Miss Bolton.

Suggested for Lower Elementary Certificate: 33 or 43, 70.

Suggested for Lower Elementary Degree: Selected from 33
 or 43, 70, 138, 139, 176.

Required for Upper Elementary Certificate and Degree: 33 and
 four hours selected from 70, 138, 88, 139.

Suggested for High School Degree: Four hours from 43, 70,
 138, 145; additional hours from 70, 88, 130, 138, 139, 145, 160.

Majors and Minors:

For Lower and Upper Elementary Majors: 33, 70, 138, 139,
 131, 140, 176, 145; electives to complete major.

For Elementary Degree Minors: 33, 70, 138; with 4 electives
 from Major list.

For High School Degree Majors:

Group II: 8 hours from 33, 70, 138; additional hours from 88,
 139, 145.

Group III: 8 hours from 33, 70, 160; if additional hours are
 elected take them from the following: 88, 130, 138, 139, 176, 131,
 140, 145.

33—Principles of Geography (4); 43—Geography of Selected Countries (4); *70—Geography of the United States and Canada (4); *88—Geography of South America, Mexico and the Caribbean Countries (4); 92—Historical Geology (2); 130—Physiography (4); 131—Geology and Geography of Mississippi (2); *135—Principles of Human Geography (4); *138—Geography of Europe (4); 139—Asia and Australia (4); 140—Geography of Africa and Selected Islands of the Sea (2); 145—Geography of World Trade (4); 160—Geographic Influences in American History (4); 176—Conservation of Natural Resources (4).

DEPARTMENT OF HEALTH

Dr. Schwartz.

NOTE—Majors must include 79, 115, 125, 129, 136, 166, 167. See Department of Physical Education for other requirements.

27—School Hygiene (4); *79—The Hygiene of School Children (4); 115—Methods and Means of Teaching Health (4); *125—Personal Hygiene and Home Sanitation (4); 129—Physiology (4); 133—First Aid (2); 136—Anatomy (4); 166—Anatomy (4); 167—Histology (4); 173—The Hygiene of Teaching (2); 175—Problems of Sex Hygiene (2); 177—Parasites and Human Disease (4); 179—Elementary Mental Hygiene (4).

A laboratory fee of fifty cents charged for courses 129, 136, 166, 167.

DEPARTMENT OF HISTORY

Dr. Johnson, Mr. Rivers.

Students who choose History as a major or minor subject are advised to take twelve hours in the freshman year, twelve hours in the sophomore year, and the remainder in the junior and senior years. It is advisable to take freshman courses 26, 27, 28 as basic units for further history study.

Those who take only the minimum requirements in History are advised to take either one of the following series: 26, 27, 28; or 61, 62, 63; or 185, 143, 144; or 174, 175, 177.

26—Survey of Civilization to 1450 (4); 27—Survey of Civilization, 1450 to 1789 (4); 28—Survey of Civilization Since 1789 (4); *61—American History to 1789 (4); *62—American History, 1789 to 1865 (4); *63—American History Since 1865 (4); 75—Mississippi History (4); 104—Revolutionary Europe, 1763-1815 (4); 125—The Teaching of Social Studies (4); 126—Latin American History (4); 127—Inter-American Relations (4); 139—Colonial American History (4); 142—Recent American History (4); *143—Problems of American Democracy (4); 144—Current History (4); *174—Early English History (4); *175—The British Empire (4); 177—Recent European History (4); 185—History of the South to 1860 (4).

DEPARTMENT OF HOME ECONOMICS

Miss Webb, Miss Campbell, Miss Kline, Miss Fritzsche, Miss Smith.

The courses offered in this department are planned primarily to train teachers for Vocational Home Economics Department, though home makers and those specializing in demonstration work will find many courses suited to their own particular needs.

Students majoring in Home Economics are advised to take chemistry, general academic work, and four or eight quarter hours of Home Economics work during their freshman and sophomore years.

For laboratory fees see Expenses.

In the foods laboratory students are required to wear smocks and hair bands or nets. Each student will be expected to furnish her own kitchen linens.

Freshman

Education 20 (An Introduction to Education)	2 hours
Library Science 29	1 hour
English 25, 26, 27 (English Composition, Written and Spoken)	12 hours
Science 37, 38 (Biology)	8 hours
Modern Language (unless 2 units of H. S. Language are presented)	12 hours
Fine Arts 25 (Introductory Drawing and Painting)	4 hours
Home Economics 26 (Textiles and Clothing)	4 hours
Home Economics 37 (Food Study)	4 hours
Total	47 hours

Sophomore

Social Science 55 (Principles of Economics)	4 hours
Sociology 75 (Rural Sociology)	4 hours
Geograph 70 (Economic Geograph of N. America)	4 hours
Psychology 65 (General Psychology)	4 hours
English 75, 76 (English Literature)	8 hours
Science 90, 91, 92 (Chemistry for Home Economics Majors)	12 hours
Fine Arts 77 (Advanced Drawing, Color and Design)	4 hours
Home Economics 50 (Intermediate Textiles and Clothing)	4 hours
Home Economics 85 (Advanced Food Study)	4 hours
Total	48 hours

Junior

Science 136 (Food Chemistry)	4 hours
Science 137 (Household Physics)	4 hours
Psychology 119	4 hours
Psychology 138 (Individual Mental Testing)	4 hours
Education 113 (Principles of High School Teaching)	4 hours
Home Economics 104 (Applied Design and Art in Dress)	4 hours
Fine Arts 120 (Art Appreciation)	4 hours
Home Economics 105 (Home Furnishings)	4 hours
Home Economics 135 (Nutrition and Dietetics)	4 hours
History (61, 62, 63)	12 hours
Total	48 hours

Senior

Home Economics 125 (Costume Design)	4 hours
Home Economics 138 (Child Development)	4 hours
Home Economics 150 (Children's Clothing)	4 hours
Agricultural Science 122	4 hours
Health 129 (Physiology)	4 hours
Science 145 (Technique of Science Teaching)	4 hours
Education 185, 186 (Observation, Participation and Direct- ed Teaching in Home Economics)	8 hours
Home Economics 180 (Methods in Teaching Home Economics)	4 hours
Home Economics 187 (Home Management)	8 hours
Physical Education 133	2 hours
Total	46 hours

Total quarter hours required for graduation 192 hours

26—Textile and Clothing (4); 37—Food Study (4); 50—Intermediate Textiles and Clothing (4); 76—Laundering (2); 85—Advanced Foods (4); 86—School Feeding (4); 90—Demonstration Work and Canning (4); 95—Institutional Management (4); 104—Applied Design and Art in Dress (4); 105—Home Furnishing (4); 125—Costume Design (4); 135—Nutrition and Dietetics (4); 138—Child Development (4); 150—Children's Clothing (4); 175—Advanced Clothing Problems (4); 180—Methods in Teaching Home Economics (4); 183—Methods in Home Economics (4); 185—Home Management (4); 187—Practical Home Management (8).

DEPARTMENT OF INDUSTRIAL AND FINE ARTS

Mr. Thomas, Mrs. Cunningham.

Industrial Arts.

20—Handwork of Primary and Intermediate Grades (2); 22—Basketry (2); 31—Woodworking (4); 63—Woodworking (4); 70—Hand Work for Primary and Intermediate Grades (2); 72—Basketry (2); 77—House Planning (4); 85—Practical Mechanics (4); 87—Mechanical Drawing (4); 125—Wood Turning (4); 175—Shop Work—Home-Made Play-Ground Equipment (4); 181—Advanced Woodworking (4).

Fine Arts.

Students should include the following courses for their major work: 25, 26, 75, 77, 89, 125, 140, 153.

25—Introductory Drawing and Painting (4); 26—Drawing Color and Handwork (4); 75—Color in Pictorial and Decorative Art (4); 77—Design and Applied Design (4); *89—Blackboard Drawing and Poster Making (4); 125—The Teaching of Drawing (4); 135—Applied Art (4); 140—Art Appreciation (4); 153—Art Appreciation (4).

DEPARTMENT OF LIBRARY SCIENCE

Miss Roberts.

29—How to Use the Library (1); 116—School Library Administration (2); 120—Function and Use of the Library (2); 121—Teaching the Use of the Library (1); 125—Adolescent Literature (2); 127—Reference and Bibliography (4); 132—Cataloging (2); 135—Classification (1); 137—Book Selection (4).

DEPARTMENT OF MATHEMATICS**Mr. Dearman, Mr. Currie.**

Students who choose Mathematics as a major or minor subject should take 31, 32, and 35 in the Freshman year; 127, 128, and 174 in the Sophomore year; 175, 176, and 178 in the Junior year; and 131 and, if desired, two electives in the Senior year.

All students who major or minor in Mathematics must have had Plane Geometry in High School.

All students who major or minor in Mathematics and who have not had Solid Geometry must take 27. It is advised that this be done as early as practicable.

Courses 45 and 46 were designed for those students unable to meet the entrance requirements of the college in Plane Geometry. These courses are required of those students, and must be taken during the Freshman year.

Students who choose Mathematics as a major or minor and who have had Plane Trigonometry in High School and who have fifteen entrance units without counting this course, are advised not to take entrance credit for it, but to take 35 in the same manner as those who have not had Plane Trigonometry.

27—Solid Geometry (4); *31—College Algebra (4); *32—College Algebra (4); 35—Plane Trigonometry (4); 36—Spherical Trigonometry, Navigation and Land Surveying (4); 45—Freshman Mathematics (4); 46—Freshman Mathematics (4); 60—Mathematics of Finance (4); *127—Analytic Geometry (4); 128—Analytic Geometry (4); *131—The Teaching of High School Mathematics (4); *138—The History of Mathematics (4); 174—Introduction to Calculus (4); 175—Differential Calculus (4); 176—Integral Calculus (4); 178—College Geometry (4); 179—College Geometry (4).

DEPARTMENT OF MUSIC**—Mr. Marsh—****Miss Ogden, Miss Arnold, Miss Loper, Mrs. Longre, Mr. Camp.**

The courses offered in this department are planned primarily to train teachers and supervisors of vocal and instrumental music in the public schools of Mississippi.

Freshman Year**Applied Music:**

Piano (one lesson weekly) 25, 26, 27	1	1	1
Voice (one lesson weekly) 28, 29, 30	1	1	1
Theory (Harmony) 34, 35, 36	2	2	2
Sight Singing and Ear Training 37, 38, 39	1	1	1
(Two hours weekly).			
English 25, 26, 27	4	4	4
History 26, 27, 28	4	4	4
Library Science 29	1		
Education 20			2
Health 79	4		

Required:

Physical Education.

Chorus.

Sophomore Year**Applied Music:**

Piano (one lesson weekly) 75, 76, 77	1	1	1
Voice (one lesson weekly) 78, 79, 80	1	1	1
Theory (Harmony) 64, 65, 66	2	2	2
Sight Singing and Ear Training 67, 68, 69	1	1	1
(Two hours weekly)			
Public School Music Methods (Grades 1-6) 70, 71, 72	2	2	2
English 75, 76	4	4	
Psychology 65			4
Foreign Language	4	4	4

Required:

Physical Education.

Chorus.

Junior Year**Applied Music:**

Piano, Voice or Violin (two lessons weekly)	2	2	2
Theory (Counterpoint) 114, 115, 116	2	2	2
Public School Music Methods (Junior and Senior High Schools) 120, 121, 122	2	2	2

History of Music 123 (85), 124 (144), 125	2	2	2
Education 113	4		
Psychology 119		4	
Social Science 25 or 33			4
Science 80, 81, 82	4	4	4

Required:

Physical Education.

Chorus, Orchestra or Band.

Senior Year

Applied Music:

Piano, Voice or Violin (two lessons weekly)	2	2	2
Theory (Composition and Orchestration) 164, 165, 166	2	2	2
Instrumental Class (Strings) 170	2		
Instrumental Class (Wood-Winds) 171		2	
Instrumental Class (Brass) 172			2
Conducting Class 173	1		
Education 138	4		
Education 185	4		
Education 186		4	
Geography 33 or 70			4
Electives	4	2	

Required:

Physical Education.

Chorus, Orchestra or Band.

Total quarter hours required for graduation 180 hours,
plus 12 hours of Physical Education.

*34, *35, *36—Theory of Music (2 qr. hrs. each quarter); 64,
65, 66—Theory of Music (2 qr. hrs. each quarter); 114, 115, 116—
Theory of Music (2 qr. hrs. each quarter); 164, 165, 166—Theory of
Music (2 qr. hrs. each quarter).

History of Music.

15, 16, 17—Musical Appreciation (2 qr. hrs. each quarter);
*123, *124, *125—History of Music (2 qr. hrs. each quarter).

Music Education.

95—Public School Music Fundamentals (4); 96—Public School Music Fundamentals (4); 37, 38, 39—Sight Singing and Ear Training (1 qr. hr. each quarter); 67, 68, 69—Sight Singing and Ear Training (1 qr. hr. each quarter); 172—Instrumental Class (Winds), (2 qr. hrs. each quarter); 70, 71, 72—Public School Music Methods (2 qr. hrs. each quarter); 120, 121, 122—Public School Music Methods (4); 175—Normal Piano Methods (4).

Applied Music—Pianoforte.

1, 2, 3—Pianoforte (2 qr. hrs. each quarter); 4, 5, 6—Pianoforte (2 qr. hrs. each quarter); 25, 26, 27—Pianoforte (2 qr. hrs. each quarter); 75, 76, 77—Pianoforte (2 qr. hrs. each quarter, or 1 qr. hr. each quarter); 105, 106, 107—Pianoforte (2 qr. hrs. each quarter); 155, 156, 157—Pianoforte (2 qr. hrs. each quarter).

Voice.

28, 29, 30—Voice (2 qr. hrs. each quarter, or 1 qr. hr. each quarter); 78, 79, 80—Voice (2 qr. hrs. each quarter, or 1 qr. hr. each quarter); 108, 109, 110—Voice (2 qr. hrs. each quarter); 158, 159, 160—Voice (2 qr. hrs. each quarter).

Violin.

7, 8, 9—Violin (2 qr. hrs. each quarter); 10, 11, 12—Violin (2 qr. hrs. each quarter, or 1 qr. hr. each quarter)—These six courses are preparatory to entrance into the work of the Dept. of Music.

31, 32, 33—Violin (2 qr. hrs. each quarter, or 1 qr. hr. each quarter); 81, 82, 83—Violin (2 qr. hrs. each quarter, or 1 qr. hr. each quarter); 111, 112, 113—Violin (2 qr. hrs. each quarter); 161, 162, 163—Violin (2 qr. hrs. each quarter).

Band and Orchestral Instruments.

Instruction is also offered in band and orchestral instruments. Special rates of tuition are made to regular members of the college band and the college orchestra. Two private lessons per week, 2 qr. hrs. each quarter.

Practical Music.

20¹, 20², 20³—Choral Music (1 qr. hr. each quarter if taken for three consecutive quarters); 50¹, 50², 50³—Choral Music (1 qr. hr. each quarter if taken for three consecutive quarters); 21¹, 21², 21³—Orchestral Music (1 qr. hr. each quarter if taken for three consecutive quarters); 22¹, 22², 22³—Band Music (1 qr. hr. each quarter if taken for three consecutive quarters); 52¹, 52², 52³—Band Music (1 qr. hr. each quarter if taken for three consecutive quarters).

Music Tuition.

The tuition is for a school quarter, three months, two private half-hour lessons weekly, payable in advance for a term of six weeks:
Piano:

Mr. Marsh	\$24.00
Miss Loper	18.00

Violin:

Miss Arnold	\$24.00
Instrumental Class (strings)	5.00

Voice:

Mrs. Longre	\$24.00
-------------------	---------

Wind Instruments:

Mr. Camp	\$18.00
Instrumental Class (Winds)	5.00

Piano Classes at Demonstration School.

There will be classes of twelve for beginners as well as for those who have had previous study. The fee is six dollars per quarter of twelve weeks. The classes will be one-half hour long and will be held twice a week at the close of school.

Violin Classes at Demonstration School.

Beginners are taught in classes of twelve by Miss Arnold. The tuition is \$6.00 for a quarter of twelve weeks. The classes will be one-half hour long and will be held twice a week at the close of school.

Practice.

Piano rental for one hour daily a quarter	\$3.00
Each additional hour a quarter	1.00

The courses in theory, history of music, public school music, etc., are free to all students taking the full music course leading to the B. S. Degree with Music Education as a major. All others pay for the above subjects at rate of \$2.50 per quarter hour credit.

Business Regulations.

1. All tuition is payable strictly in advance, at the beginning of each six-weeks term.
2. No lesson is given until fee is paid and receipt presented to instructor.
3. Under no condition is music tuition refunded. In case of protracted illness, the balance is allowed upon a subsequent term.
4. All lessons lost by absence or tardiness of pupil will not be made up unless due notice be given the instructor.
5. Assignment of periods for lessons and for practice will be made upon personal application to the Director. Before applying for the assignment, the student should have a complete schedule of all his other classes.

Special Requirements.

All non-resident students are required to practice in the Music Building under supervision.

All students, regular or special, are required to sing or play in any chorus, choir, quartet, orchestra or band, in which their presence may be desired.

No student is permitted to appear in public without the consent of the Director of Music.

N. B.—“Not over six quarter hours in Choral Music, Orchestra or Band allowed in degree courses.”

DEPARTMENT OF PHYSICAL EDUCATION**A. T. S. Hubert, Director.**

NOTE: Students in attendance during the regular nine-months session may be exempt from physical education in their senior year, provided they have completed the three courses required for their degree:

Those having completed these courses will be exempt from Physical Education during the last half of the Spring Quarter and the Summer Quarter.

Majors in Health and Physical Education must take the following courses:

Health: See Health Department.

Physical Education for Men:

Football—1; Basketball—1; Baseball—1; Track 32—1; Coaching of Football 126—1; Coaching of Basketball 128—1; Coaching of Baseball 130—1; History and Theory of Physical Education 33—2; Playground Management 48—1; Natural Gymnastics 36—1; First Aid and Care of the Injured 133—2; Remedial and Corrective Measures 181—4.

Physical Education for Women:

Elementary Folk Dancing, 37—1; Teaching of Phys. Ed. in Lower Grades 47—1; Playground Management 49—1; Supervision in Upper Grades 51—1; Advanced Folk Dancing 87—1; Natural Dancing 97—1; Clogging 105—1; First Aid and Care of Injured 133—2; Coaching and Varsity Basket Ball, 141, 147—3; Corrective and Remedial Measures 181—4.

PHYSICAL EDUCATION FOR MEN

Mr. Lumpkin.

Required of all men: 33, 36, 48. (Transfer credits do not meet these requirements).

24—Volley Ball (1); 28—Freshman Football (1); 26—Freshman Basketball (1); 30—Freshman Baseball (1); 32—Freshman Track (1); 33—History and Theory of Physical Education (2); 34—Tennis (0); 36—Natural Gymnastics (1); 38—Calisthenics (1); 40—Sophomore Football (1); 42—Sophomore Basketball (1); 44—Sophomore Baseball (1); 48—Playground Management (1); 86—Advanced Gymnastics (1); 102—Junior Football (1); 103—Restricted Gymnastics (0); 104—Junior Basketball (1); 105—Clogging and Tap Dancing (1); 106—Junior Baseball (1); 126—Coaching Football (1); 128—Coaching Basketball (1); 130—Coaching Baseball (1); 133—First Aid and Care of the Injured (2); 152—Senior Football (1); 154—Senior Basketball (1); 156—Senior Baseball (1); 181—Remedial and Corrective Measures (4).

PHYSICAL EDUCATION FOR WOMEN**Miss Perry.**

Required for:

Lower Elementary Degree—43, 47, 49.

Upper Elementary Degree—37, 51, 87.

High School Degree—89, 141, 145.

All women students are required to take these courses in residence (requirement not met by transfer credits).

The regulation uniform is to be purchased after arriving; do not bring it from home or secure it before entering classes. Regular white tennis shoes may be worn. Those majoring in the department should inquire as to major uniforms. Lockers may be secured through the Physical Education office without extra fees.

33—History and Theory of Physical Education (2), (not an activity P. Ed); 35—Formal Gymnastics (1); 37—Elementary Folk Dancing (1); 39—Hiking (0); 41—Tennis (0); 43—Indoor Social Activities (1); 47—The Teaching of Physical Education in Lower Elementary Grades (1); 49—Physical Education in the Schoolroom and Play Ground Management (1); 51—Physical Education in Upper Elementary Grades (1); 75—Elementary Swimming (1); 87—Folk Dancing (1); 89—Natural Gymnastics (1); 97—Natural Dancing (1); 99—Track Events (1); 101—Outdoor Baseball (1); 103—Restricted Physical Education (1); 105—Elementary Clogging (1); 107—Advanced Clogging (1); 125—Advanced Swimming (Life Saving) (1); 137—Self-Testing Activities (1); 139—Volley Ball, Cage Ball, Newcomb (1); 141—The Teaching of Elementary Basketball (1); 145—Field Sports (1); 147—Basketball (2).

DEPARTMENT OF PSYCHOLOGY**Dr. Peterson, Mr. Freeny**

65—Elementary Psychology (4); *116—Child Psychology (4); *118—Educational Psychology for Teachers for the Upper Grades (4); *119—Educational Psychology for High School Teachers (4); 142—Elementary Statistics (4); 147—Individual Mental Testing (4); 188—Experimental Educational Psychology (4).

Laboratory fee of fifty cents for the following courses: 116, 118, 119. Laboratory fee of one dollar for the following courses: 142, 147, 188.

DEPARTMENT OF RELIGIOUS EDUCATION**Mr. Ware.**

60—Introduction to the New Testament (2); 61—Development of the Religious Ideals of the Old Testament (2); 62—Introduction to the Old Testament (2); 101—Group and Club Work with Girls (2).

DEPARTMENT OF SCIENCE**Mr. Austin, Mr. Walker, Mr. Frazier**

The requirements for major groups that include Science are as follows:

For Major Group V. Physics 80, 81, 82; Chemistry 25, 26, 27, 130, 131, 132.

For Major Group VI. Biology 37, 38, 39, 50, 51, 52; Health 129; elective 12 hours from Science 122, 123, 124, 140; Health 136, 167.

For Major Group VII. Physics 80, 81, 82; Chemistry 25, 26, 27, 75, 76, 77, 130, 131, 132; Biology 37, 38, 39, 50, 51, 52, 122, 123, 124; elective Health 129, 136, 166; Biology 140, 171, 172.

For Major Group VIII. 36 hours in Chemistry or 36 in Biology, or 12 in Physics and the remainder in either Chemistry or Biology.

The Science courses are grouped into two divisions. The first is the biological division, the second the physical sciences division (chemistry and physics).

Division I.

36—Elementary Science—Nature Study (4); 37, 38, 39—General Biology (4 qr. hrs. each quarter); 50, 51, 52—Zoology (4 qr. hrs. each quarter); 122, 123, 124—Botany (4 qr. hrs. each quarter); 172—Bacteriology (4); 171—Embryology (4).

Division II.

25, 26, 27—Inorganic Chemistry (4 qr. hrs. each quarter); 75, 76, 77—Analytical Chemistry (4 qr. hrs. each quarter); 90, 91, 92—

Household Chemistry (4 qr. hrs. each quarter); 130, 131, 132—Organic Chemistry (4 qr. hrs. each quarter); 136—Food Chemistry (4); 80, 81, 82—General Physics (4 qr. hrs. each quarter); 137—Household Physics (4); 145—The Technique of Teaching Science (4).

DEPARTMENT OF SOCIAL SCIENCES

Mr. Hall, Mr. Lewis

Following are the required courses for major groups that include Political Science, Sociology or Economics:

For Major Group II: 33 and 55.

For Major Group III: 25, 33, 55, 130, 63, 75. Electives: 129, 153, 175.

For Major Group IX: 25, 33, 55, 63, 75, 112, 129, 153, 175; Electives: 77, 130, 133, 177.

Social Science Minors for the Lower Elementary and Upper Elementary Degree Courses: 25, 33, 55, 63, 75.

ECONOMICS
